# WE ARE COMMITTED TO YOUR EDUCATION.

Sending a child to college is a one of the largest single investments a family can make, and we believe UNC Charlotte provides your family with an exceptional value for your investment.

## HOW WE DETERMINED YOUR AID PACKAGE

The information you provided on the FAFSA was put through a calculation established by the federal government. This calculation provides an amount the government has determined that your family may contribute toward your college expenses. This is called your Expected Family Contribution, or EFC.

Next, the university's cost of attendance is determined. Subtracting the EFC from the cost of attendance gives the Office of Financial Aid your financial aid need at UNC Charlotte.

**COST OF ATTENDANCE - EFC =  
YOUR FINANCIAL AID NEED**

Every effort is made to meet your need with your award package.

## ESTIMATING COSTS

The Cost of Attendance is an ESTIMATED cost of completing a full year as a full time student. It is an *average* amount for what your expenses might be - your cost of attendance may vary from this estimate. While the budget hasn't been finalized for 2019-2020, you can plan ahead using the budget for the current year. You will receive your exact charges on your account after you register for classes and if you apply for housing.

## EXAMPLE BUDGET

Below is an example of the one-year cost of attendance for a new undergraduate North Carolina resident, living on campus, using the 2018-2019 budget:

Tuition and Fees.....	\$ 6,854
Loan Fees.....	\$ 59
Books and Supplies.....	\$ 1,250
Room and Board.....	\$ 12,432
Transportation.....	\$ 1,659
Miscellaneous.....	\$ 1,500
<b>Total.....</b>	<b>\$ 23,754</b>

## EXPLANATION OF CHARGES

**Direct Costs are shown in gold in the example at left.** These costs are paid directly to UNC Charlotte and billed through your MY UNC Charlotte account, and for which you may set up a payment plan. Your actual direct costs will vary depending on whether you attend full-time or part-time, if you live on campus, what residence hall you live in, which meal plan you choose, etc.

**Indirect Costs are estimated and are shown in black in the example at left.** These costs are not payable to UNC Charlotte, and will not show on your student account or bill. These can be paid with a refund from financial aid, or out-of-pocket.

If the amount of financial aid paid to your account is greater than your charges, then you will receive a “refund” during the first week of classes. Students may use this refund check for indirect costs.

## UNDERSTANDING YOUR AID.

### LOANS

A loan is an investment in your future, but is money you borrow and must pay back with interest. Loans are always optional and you can choose to accept the offered amount or any lesser amount.

**Federal Direct Subsidized Loans** are loans from the federal government with a fixed interest rate. The government will pay interest on your subsidized loan while you are in school (with at least 6 credit hours) and during your six-month grace period after graduation. After that point, you are responsible for paying the interest (and principal).

**Federal Direct Unsubsidized Loans** are also loans from the federal government with a fixed interest rate. However, you are responsible for paying the interest during all periods. If you choose not to pay the interest while you are in school, your interest will accrue (accumulate) and your interest will be added to the principal amount of your loan.

### GRANTS AND SCHOLARSHIPS

**Grants** may be awarded by the federal or state government, or by the University. **Scholarships** may be awarded by the University or outside sources. These awards do not have to be repaid or earned through work.

**Federal and State Grants** are awarded to students demonstrating significant financial need as determined by the FAFSA. State-funded grants are estimates and are contingent upon sufficient appropriations set by the NC General Assembly, and are restricted to NC residents. **Institutional Grants** are awarded by UNC Charlotte.

### WORK-STUDY EMPLOYMENT

**Federal Work-Study** aid is awarded as part of a program that enables students with financial need to work a part-time job on campus, earning money while enrolled at UNC Charlotte. Money is earned as you work throughout the semester, so you will not have the money “up front” in the beginning of the semester to pay your student account bill (but may be used for incidentals or indirect costs throughout the semester.)

## ADDITIONAL FINANCING OPTIONS.

### PARENT PLUS LOANS

Parents may apply for a Federal Direct PLUS loan to help meet the student’s cost of attendance not covered by other financial aid. The application is available at [StudentLoans.gov](https://studentloans.gov). If a parent is denied via the credit check, the student is eligible for an additional Federal Unsubsidized loan in the student’s name.

### UNC CHARLOTTE PAYMENT PLAN

The University offers a per-semester payment plan in which you can divide your tuition and fees, on-campus housing and dining, and other charges billed to your student account into five smaller payments. A \$55 setup fee is required.

### ALTERNATIVE LOANS

Alternative loans are private education loans in the student’s name that help bridge the gap between the actual cost of your education and the amount the government allows you to borrow in its programs. Students will need to apply directly with the lender of their choice. Most students will be required to have someone co-sign the loan application. Interest rates are determined by the lender.

### SCHOLARSHIPS

Additional scholarships may be available by applying in the NinerScholars Portal at [scholarships.uncc.edu](https://scholarships.uncc.edu). Scholarship application deadlines vary, but most are in June. Scholarships are awarded in July.
